Dear Robert:

As you undoubtedly know, the lecture you gave on workers' compensation/third party actions, as part of our Second Auto Liability Update, was very well received by those who attended.

On behalf of the Academy of Law, may I thank your firm for suggesting this program segment to us and you for your excellent coverage of key issues. We hope to have the pleasure of your participation in our continuing legal education activities on future occasions.

Very truly yours,

Dorothy Ceparano
