Dear Robert,

We want to thank you for taking time out of your busy schedule for conducting the 9/11 Workers' Compensation Training for the World Trade Center Medical Monitoring Program staff. The training gave the staff a better understanding the guidelines in filing and registering for claims under the new 9/11 First Responders Workers' Compensation bill. The information they acquired in your training will help them to effectively service their patients.

Thank you again for you assistance, and we look forward to working with you in the future.

Sincerely,

Diane Stein
